## Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2014 - December 31, 2014

Filing Confirmation Number: 0006619461

Filing Deadline: January 15, 2015

FRN: 0004770509

Filing Date: 01/14/2015 01:44 PM

### General Report Information

#### Type of Company

Service Provider

#### De Minimis Exception

Did you offer any handsets to subscribers in the United States during the reporting period? Yes

Have you been offering handsets in the United States for at least three years prior to the end of the reporting period? Yes

Date that you began offering handsets in the United States

Are you a small entity? Yes

Were you a small entity at any time during the three years prior to the end of the reporting period?

Date that you ceased to be a small entity?

#### Company Information

Company Name: Southeast Wireless, Inc.

Brand Names: iWireless

PO Box:

Street Address: 102 South Main Street

City: Danville

State: IA

Zip Code: 52623

Contact Name: Timothy FencI

Contact Phone: (319) 457-0368

Contact Fax: (319) 392-4949

Contact Email: tfencI@danvilletelco.net

#### Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? Yes

Agent Name: Fletcher, Heald & Hildreth

PO Box:

Street Address: 1300 N. 17th Street, Suite 1100

City: Arlington

State: VA

Contact Name: Tony S. Lee  
Contact Phone: (703) 812-0442  
Contact Fax: (703) 812-0486  
Contact Email: lee@fhhlaw.com

### Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency band that does not have hearing aid compatibility technical standards under ANSI C63.19-2007 include the required language disclosing that the handset has not been rated for hearing aid compatibility with respect to such operations? Yes

Explain:

Do all hearing aid-compatible handsets that the manufacturer also tested and found not to meet hearing aid compatibility requirements under ANSI C63.19-2011 for one or more operations that are not covered under ANSI C63.19-2007, include language informing users by clear and effective means that the handset does not meet the relevant rating or ratings with respect to such operation(s)?

N/A

Explain:

Do all handsets that are capable of use for Voice over LTE, and that were certified for inductive coupling capability under ANSI C63.19-2011 without being tested for inductive coupling capability over VoLTE, include language disclosing that they were not tested with respect to this operation?

N/A

Explain:

Do all handsets that meet the criteria for an M3 rating by allowing the user to reduce the maximum power for GSM operation in the 1900 MHz band include the required disclosure?

Explain:

### Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? No

Website address:

Explain: The Company is a small rural carrier that does not have the resources to maintain an extensive website. The Company orders phones for customers through iwireless, and customers that require additional information are referred to iwireless's website at [http://iwireless.com/customer\\_support-hearing\\_aid.asp](http://iwireless.com/customer_support-hearing_aid.asp).

### Consumer Outreach

Describe consumer outreach efforts in the past 12 months: The Company is a small rural carrier, and it does not have any retail stores where it can post hearing aid-compatibility information or make brochures available to customers. However, brochures and other relevant materials are available at the Company's main office in town. The Company makes information available to customers on an as-needed basis, and it refers customers that need information on hearing aid compatible handsets to iwireless's website at [http://www.iwireless.com/customer\\_support-hearing\\_aid.asp](http://www.iwireless.com/customer_support-hearing_aid.asp).

### Methodology for Functionality Levels

Each handset model is described by its capabilities regarding features and functionalities.

### Report Remarks

Although several of the handsets available to customers from the Company via iWireless's website are capable of operating on the WCDMA air interface, the Company only operated on the GSM air interface in the reporting year. The Company did not offer service using the WCDMA air interface in the applicable time period. The HAC handset benchmarks set forth in Section 20.19(c)(3) apply only for each interface actually offered by a carrier, and the HAC handset requirements for a particular interface are triggered only after a service provider has actually started providing service using that air interface. Hearing Aid-Compatible Telephones (Petitions for Waiver of Section 20.19 of the Commission's Rules), Memorandum Opinion and Order, 22 FCC rcd 7171, para. 60 (2007). Accordingly, the HAC handset requirements with regard to the WCDMA air interface are inapplicable to the Company.

You have reported the following handset model summary information.  
 Total number of handsets offered: 48

| Air Interface | Fully Hearing Aid Compatible |         | Acoustic Coupling Compatible Only |         | Non-Compliant Handsets |         | Total by Air Interface |
|---------------|------------------------------|---------|-----------------------------------|---------|------------------------|---------|------------------------|
|               | Number                       | Percent | Number                            | Percent | Number                 | Percent |                        |
| GSM           | 32                           | 67%     | 9                                 | 19%     | 7                      | 15%     | 48                     |
| WCDMA         | 27                           | 75%     | 6                                 | 17%     | 3                      | 8%      | 36                     |
| Wi-Fi         | 28                           | 76%     | 6                                 | 16%     | 3                      | 8%      | 37                     |
